General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(6) Machines and machine tools, namely pulverisers, being automatic electrostatic-paint sprayers, agricultural aircraft spray nozzles, incubators for eggs, suction machines for industrial purposes, woodworking machines, handling machines (automatic), namely conveyors, packaging and packing machines, pump (machines), being hydraulic pumps, pneumatic pumps, electric hand drills, clippers (machines), being plywood clipping machines, bulldozers, grinding machines, centrifugal machines, lifts, other than ski-lifts namely car lifts, elevator lifts, power operated boat lifts, sewing machines, knitting machines, ironing machines, dishwashers; washing machines [laundry], kitchen machines, electric, namely mixers, small electric kitchen appliances, sorting machines for industry, namely sorting machines for chemical processing, saw machines, robots [machines], namely industrial robots, printing machines, drilling machines, elevators (lifts), knives (electric); parts of equipment for motors mainly or totally made of plastic, namely electronic fuel injection modules for motors, exhaust manifolds and pipes for engines; parts of equipment for motors and machinery parts, made of synthetic resins, namely filters, filter parts, scrubbers and filter elements for filtering liquids and gases, especially oil and fuel for internal combustion engines, air filters and other filters for vehicle engines, parts in connection with the filling up, storage and feed systems of fuel, namely tanks, tubing, valves, canisters, and pumping modules, parts and fittings for the aforementioned equipment, parts for engines and machine parts, made of synthetic resins, namely compressors, valves, pumps, bearings; equipment and installations for recycling and treatment of materials and of soils, namely waste disposals; waste recycling machine and garbage (waste) processing device, namely waste material conveying machines, waste crushing machines, machine tools for removing waste material, garbage grinders; cogeneration equipment and installations, namely cogenerational generators, solar-powered electricity generators, electricity and steam cogenerating installation, namely current generators, DC generators, electricity generators; motors other than for land vehicles, namely airplane motors, boat motors, motors for machines and toys, namely motors and engines used in industrial applications; fuel injection devices for vehicle engines, namely pump and electronic conductors, engine parts, namely, electronic fuel injection modules; air intake and cooling systems for vehicle engines (engine parts); electric generators.

Class 09

(7) Scientific apparatus and instruments, optical, measuring, checking (supervision) apparatus and instruments, namely light emitting diode (LED) displays, light conducting filaments, lighting

conductors; electric light dimmers, electronic light switches, light modulators, lightning conductors, lightning rods, illumination regulators, electric light dimmers, switching apparatus for lights, namely light switches, light-emitting electronic pointers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely electric control panels, electric compressors, electrical conductors for transformers, electricity conduits, electricity distribution consoles, electricity limiters, electricity router, gate operators, winding wires and wire connectors; apparatus for recording, transmission or reproduction of sound or images, namely video screens, audio tape recorders, video tape recorders, CD players and recorders, DVD players and recorders, audio speakers, sound amplifiers, stereo amplifiers; magnetic data carriers, namely blank audio discs, blank laser discs, blank optical discs, blank floppy discs, plastic cards with a magnetic strip; calculators; data processing equipment, namely USB flash drives, computer printers , modems; computers; computer software for database management, for image processing; magnetic data carriers, sound recording discs, namely compact discs containing music, blank floppy discs, blank hard discs; apparatus and instruments for monitoring and automated regulation for tanks, namely tubing, valves, boxes, canisters, filters and pump modules as well as for filling, storage and supply of fuel, gas and other fluids; calculating machines, namely calculators; data processing equipment, namely computer software for database management, card punching and sorting machines for data; computers; software for industrial use for database management, for managing retail store customer accounts, for use in managing and controlling production schedules , shipping schedules, purchase of materials inventories and accounts, to automate data warehousing, factory automation software for integrating manufacturing machine operations, tracking problems and generating production reports, security software; fire extinguishers; clothing for protection against fire, heat, chemical reactions and radiation; protection devices for personal use against accidents, namely gloves, dust proof masks, gasmasks, welding masks; spectacles (optics); eyewear, namely eyeglasses; memory cards, namely blank integrated circuit cards, blank smart cards, computer interface cards, digital camera memory cards, flash cards, RAM (random access memory cards) ; microprocessors; air, gas water and mud sanitation equipment and installations, namely electrical industrial controls for monitoring waste water treatment, cables, namely fibre optic cables; sports helmets.

Class 10

(8) Surgical, medical, dental and veterinary apparatus, equipment and instruments, namely sterilization cases and trays, surgical instrument cases, surgical instruments, sterilization cases for reusable surgical instruments for the dental, orthopedic, veterinary and micro-fixation segments, and for hospitals and surgical centers, sterilization tray lids, dental instruments, single-use instruments, namely suturing instruments, dental instruments, femoral trials; hemodialysis membranes, sprays, inhalers, auto-injectors, syringes; surgical implants [artificial materials], namely artificial limbs, eyes and teeth; orthopedic articles, namely orthopedic bandages, orthopedic soles, corsetry, stockings and panty-hoses, suture materials, draw-sheets for sick beds; orthopedic footwear.

Class 11

(9) Sterilizers for waste treatment, sterilizers for water treatment, water treatment chlorinator units; steam generating installations.

Class 12

(10) Vehicles, namely air, land and water vehicles; motorcycles; cycles, namely bicycles; apparatus for locomotion by land, air or water, namely motorcycles, cycles, vans, trucks, boats, airplanes and space vehicles; motors for land vehicles; structural components for vehicles, namely automobiles undry box being glove compartment, interior overhead being interior consoles overhead,

automobile bumpers, automotive exterior and interior plastic extruded decorative and protective trim, spoilers, dashboards, vehicle roofs and interior side panels, door panels and handles, frames; plastic parts for vehicles, and technical parts, namely fuel tanks, and filling systems for vehicles, namely filling systems comprising tubing, valves, pipes, canisters, modules for pumping, namely tubing consisting of plastic for rehabilitating engine systems, car bodies, bumpers, protective coatings, spoilers, dashboard, glove box, storage consoles, interior overhead systems and side panels, panels and door handles, shock absorbers, chassis and bumpers, kickstands, brakes, handlebars, rims, pedals, tires, wheels.

Class 16

(11) Plastic films for packaging.

Class 17

(12) Rubber, gum and goods made from these materials, namely xantham gum, unprocessed and partly processed gums, latex rubber, reclaimed rubber; raw rubber; polysulfide rubber; nitrile rubber ; natural rubber; liquid rubber; hydrochlorinated rubber; foam rubber; crude rubber; chlorinated rubber; acrylic rubber; plastics in extruded form for use in manufacture, namely in the manufacture of finished products; plastic compounds and semi-finished plastics, namely unprocessed plastics, plastic foam, panels and tubes for general industrial or manufacturing use; yarns, threads and fibers, for industrial use, namely elastic yarns not for textile use, elastic threads not for use in textile , threads of plastic material not for textile use, plastic fibers not for textile use, rubber thread and covered rubber yarn, fibreglass fabrics for insulation, insulating fabrics; packing, stopping and insulating materials, namely insulating plaster, waterproofs packing, caulking materials, insulating tape and band, plastic film for packing, namely rubber packing for shipping container, packing foam , packing padding, insulation materials, namely insulating sleeves, insulating paints, insulating glass, insulating gloves, insulating varnish, insulators for cables; flexible pipes, not of metal; insulating resins; insulating oils; electrical insulating oils; semi-worked cellulose acetate, namely for use in cigarette filters; connecting hose for vehicle radiators; filtering materials (semi-processed plastics and foams), namely air vent filter, reels, bands, tapes made of plastic material, filtering materials, namely fibres, yarns, cables, ropes, rods, mats, cushions, bands, reels, small threads made of synthetic materials not for textile uses for the field of filtering and the production of filters, for tobacco fume, filters and filter heads for cigarettes, cigars and pipes; semi-processed cellulose acetate; insulating material, namely insulating fibre tissue, yarns, monofilament and non-woven material and yarns made of plastic material not for textile uses.

Class 18

(13) Bags, namely mountaineering bags, camping bags, backpacks, handbags, travel bags, garment bags (for travel), satchels and school bags, card holders, briefcases, purses, wallets, key cases.

Class 19

(14) Non-metallic building materials, namely geomembranes, drainage installations, drain pipes, drain boxes and rainwater collectors; rigid plastic panels and panel assemblies for construction; window frames and doors made of plastic; non-metallic rigid pipes for building; products for road construction, namely asphalt, pitch and bitumen; non-metallic transportable buildings.

Class 22

(15) Ropes, cordage, string, nets, tents, awnings, tarpaulins, sails, sacks and bags, namely pouches and bags (envelopes, pouches) for packaging (textiles), sacks and bags for transport and storage of materials in bulk, bags (envelopes, pouches) for packaging, all the aforesaid goods of textile; padding and stuffing materials (except of rubber or plastics), namely raw fibrous textile

materials, except raw textile fibres, packaging material made of textile material, wadding for filtering , ropes and cords made of natural and chemical fibres, padding for beds, cushions and mattresses not of rubber or plastic, namely padding cotton; raw fibrous textile materials, namely raw bark, raw wool, raw fibrous textile materials treated with flame retardants, namely chemical fibers for textile use, raw textile fibers, semi-synthetic fibers for textile use, synthetic fibers for textile use; synthetic and artificial fibers (for textile use); packing (stuffing and cushioning) materials, namely feather stuffing; textile fibers; bags and small bags (envelopes, pouches) of textile, for packaging; glass fibers for textile use.

Class 23
(16) Yarns and threads, for textile use; elastic yarns and threads, for textile use; yarns and threads in glass fiber, for textile use; spun wool; spun silk; fibres made of plastic materials for textile use, plastic fibres for textile use.

Class 24
(17) Textiles and textile goods, namely textiles used as lining for clothing, textile lining for garments , textile place mats, textile napkins, printed textile labels, tapestries of textile, coverings for car interior, non-woven fabrics for quilting and padding, textile wall hangings, textiles fabrics for use in the manufacture of clothing, fabrics, curtains, shoes, linings for shoes, furniture, bed spreads and table cloths not of paper; Bed linen; table linen [not of paper]; household linen, namely bath linen, kitchen linen; net curtains, curtains and wall hangings of textile; upholstery fabrics; filtering materials of textile, namely fibres, yarns, monofilament yarns, non-woven fabrics, carpets, mats, cushions and bands for absorption of gas, air, oils, waste waters and fluids, and fabric bands for bonding exhausting materials being machines pipes, fans and manifolds for the extraction of water from organic fluids and for the extraction of organic fluids from water and for filtering.

Class 25
(18) Clothing, namely trousers, dresses, shirts, blouses, tee-shirts, pullovers, coats, suits, beachwear, sport clothes, gloves, jackets, knitwear clothes, namely knit shirts, knitted underwear, ready-made linings, neckties, outer winter clothing, overalls, overcoats, pants, parkas, scarves, stockings, socks, sweaters, tights, under-clothing, vests, waterproof clothing, shoes, boots, sandals , sport shoes, beach shoes; clothing made from flame resistant fabric, namely, shirts, trousers, jeans, jumpsuits, overalls, coveralls, jackets, sweatshirts, hoods, hard hat liners, glove liners, laboratory coats, aprons, sleeves and leggings; footwear, namely casual footwear, exercise footwear, athletic, beach, bridal, children's, evening, fishing, golf, infant, medical personnel, outdoor winter, and rain footwear; headgear, namely sport caps, berets, bridal headpieces, earmuffs, hats, toques, turbans; lingerie; underwear; stockings; tights.

Class 30
(19) Flour; pastry and confectionery, namely confectionary chips for baking, confectionary pastry, artificial flavorings for confectionery products; edible ices; yeast, baking powder; salt; spices; aromatic preparations for food, namely additives for use as food flavouring; vanillin; additives for use as food flavouring.

Class 31
(20) Animal foodstuffs, namely animal feed.

Class 34
(21) Filters for smoker's articles, namely filter tips for cigarettes, cigars and pipes, filters for tobacco fume, filters and filter heads for cigarettes, cigarette paper, tobacco substitutes not for medical use; cigarette filters.

SERVICES

Class 35

(1) Business management and organization consultancy, including assistance for the exploitation and development of industrial and commercial companies; administrative audit of business organization; commercial business expertise, namely commercial expertise in certification, also for companies active in the domain of recycling, distribution of energy and fluids, greenhouse gas emission credits and energy savings; business inquiries, namely business feasibility studies, business appraisals, business risk accessment services, business strategy development services, conducting business and market research surveys for others; compilation of statistics; administrative services, namely business administration services for the compilation, collection, analysis and documentation of statistics; reporting and compilation of business reports and business plans; analysis, research and market studies, namely to assess the need for energy, namely energy efficiency consultation services, fluids and greenhouse gas emission credits, as well as in energy saving; price analysis; profit survey and analysis services.

Class 36

(2) Financial and real estate management; financial services rendered, namely financial analysis consultation services in the field of greenhouse gas emission credits; business inquiries, namely credit inquiry and consultation services, business credit verification services; investments management services and financial advisory services in the field of greenhouse gas emission credits; support and advisory services on capital investment; services of intermediaries in financial investments, especially capital investments, namely financial investment counselling, private financial placement of hedge funds for others; financing and insurances in relation to the field of greenhouse gas emission credits; financial analysis of markets and stock exchange quotations of values in the field of energy markets; financial transactions on the trading of all energy and environmental commodities, namely payment transaction processing services, credit card processing, cheque processing, transmission of bills and payments thereof, money transfer services; information on finances and capital investments in the field of energy and environmental commodities.

Class 37

(3) Construction, installation and maintenance services of industrial equipment; construction, installation, maintenance and repair services of installations for the recycling and treatment of materials; construction, installation, maintenance and repair services of installations for the treatment of water, soils, gas and air; construction, installation, maintenance and repair services of cogeneration installations; construction, installation, maintenance and repair services of installations for the production and distribution of electrical, thermal, heating and cooling energy; maintenance services of thermal equipment and installations; maintenance services of equipment and installations for heating, ventilation and air conditioning; maintenance services of equipment, namely technical surveys of facilities, namely maintenance services for electrical power, heating and cooling thermal energy equipment consisting of technical plant reports, measurements and status reports; diagnostics, visual and functional control of plants in the fields of electrical power, heating and cooling thermal energy, measurements and transcriptions, namely in the field of electrical power, heating and cooling thermal energy equipment consisting of technical plant reports , measurements and status reports; diagnostics, visual and functional control of plants in the fields of electrical power, heating and cooling thermal energy, all the aforementioned services based on diagnostic and within the framework of visual and functional support of installations, namely industrial installations; installation, repair and maintenance services of technical equipment in the field of electrical, thermal, heating and cooling energy, namely in the framework of management of

these equipments, namely visual and functional management; installation of air conditioners, electrical repair and installation of heaters.

Class 39

(4) Transport, namely Transport of goods by air, rail, road and sea; packaging and storage of goods, namely raw materials, semi-finished and finished products; distribution of water, distribution of energy, namely electricity, gas, oil, heat, cold, air, namely conductors conveyance of electric power, conductors conveyance of petroleum, conductors conveyance of gas.

Class 40

(5) Recycling and processing of materials, namely plastic recycling, glass recycling, metal recycling , chemical recycling, industrial recycling, paper recycling, textile recycling, water recycling, battery recycling, electronics recycling, energy recycling; treatment of water, soil, gas and air, namely water recycling, decontamination of soil, oil and gas well treatment, purification of gaseous waste and smoke, oil and gas well treatment, vulcanization, treatment of hazardous liquids and materials, Decontamination of hazardous materials, treatment of metal, treatment of paper; surface treatment, namely glass window surface coloring treatment; window tinting treatment, being surface coating; window tinting treatment, being surface coating; plastic, glass, wood and metal surface grinding, plating and polishing treatment, treatment of fumes from incineration of waste, and treatment of waste water, recycling of waste products, salts and sodic products, all the aforementioned services and related environmental pollution control, namely pollutant sensors; generation of electrical energy using solar, wind, and geothermal energy; consultancy related to the afore mentioned services, namely Provision of information, advice and consultancy in relation to the production of energy, and the treatment, management, recycling, transformation and incineration of waste.

Class 42

(6) Scientific and technological services and research and design relating thereto, namely in the field of chemistry, energy, engineering, recycling and environmental sciences; industrial analysis and research services, namely in the field of chemistry, energy, engineering, recycling and environmental sciences, oil and gas well environmental analysis; technical project studies, namely technical consulting and feasibility studies in the field of chemistry, energy, engineering, recycling and environmental sciences; surveying (engineering), namely technical surveying, geological surveying; material testing; design and development of computer hardware and software; surveying (engineering) in the field of heating, ventilation and air conditioning; technical research and measurement services designed to establish technical surveys and transcriptions of installations, namely industrial installations.

Colour Claim
Colour is claimed as a feature of the trade-mark. The color(s) red, yellow, black, white, and gray are claimed as a feature of the mark. The mark consists of a stylized robot head in grass with a cloudy background. A portion of the robot's body is somewhat visible through the grass. The robot is mostly red in color, and its eyes are yellow. The left side of the robot's head is shaded to produce a shadow effect. Its nose and eyes also have shading around them to produce a shadow effect. A black spring emerges vertically from the top of the robot's head. The top of the robot's head is gray. The visible portion of the robot's torso is red, and its neck is black. The color white appears in the thirteen dots on the top and bottom of the robot's head, six of which are along the top and seven along the bottom. White also appears along the right edge of the robot's face, on which edge there

are six small black circles with white inside. A white oval appears within the gray top portion of the robot's head. The grass is black. The background contains various shades of gray to produce a cloud effect.
